**Food & Future for Street Children in Nepal!**

**ROKPA's new sustainable charity project:**

Make a donation now and get a share in one of the apartments at our new Guesthouse in Boudhanath near Kathmandu!

## Help secure the future of the ROKPA Children's Home in Kathmandu!

The ROKPA Guesthouse (right) between the ROKPA Children's Home (left) and the Shechen Monastery has just been completely renovated and refurbished. A four minute walk from the Chökyi Nyima Rinpoche Monastery and the Boudhanath Stupa, the Guesthouse will consist of 8 studios, 2 deluxe studios and 4 two-room apartments. Whoever makes a *one-off donation of CHF 18,000, 24,000, 30,000 or 35,000, whether as an individual, family, company or group of friends, will receive a share in one of these brand new holiday apartments.* As a ROKPA partner in this project, you will help safeguard the future of the ROKPA Children's Home, which welcomes hungry and homeless street children with open arms and provides the love and care they need to enable them to have a bright future – with their own warm bed, healthy food and education up to and including university.

### As a generous donor you will be **DOUBLY** rewarded:

1. During 10 years you will be able to enjoy a share in the holiday apartment of your choice. You, your family, your friends or co-workers will be able to use the tastefully furnished apartment free of charge for *3 months every year.*
2. You will have the opportunity of *personally getting to know* the children during the annual ROKPA festival in March. You will see firsthand how your donation is making all the difference to their young lives.
